EPISODE 60134 GARY AND LAUREN

Eager to start a family, a couple has become divided over their bungalow's ability to house their next chapter. The ample space outside no longer makes up for the cramped quarters inside. Can David find them a home that combines the gorgeous land they desire outside with the family ready spaces they need inside, or will Hilary show them that their house is ready for their family filled future by reinventing many of its highly debated spaces?
