LOVE IT «OR» LIST IT

Episode 60138 - Dwayne & Hong-An

Professors Dwayne and Hong-An bought this century old home in their twenties. After being on again, off again for over a decade, the duo patched up their relationship but has not been able to mend the issues of their house. Dwayne is tired of the constant to do list and is ready to find a home to raise their daughter, while Hong-An is not ready to part with all their memories. Will David find them a family ready home without the to do list or will Hilary make them fall in love all over again by reinventing many of the home's hotly debated spaces?
