Episode # 2028
Holly and Chester

When Holly and Chester bought his parent's house eight years ago it was a terrific way to get into the housing market. But now with a new baby and a house that's rooted firmly in 1970's dysfunction, Chester thinks it's time to move on. Can Jillian convince Chester to stay by creating the open-concept, modern, functional home of Holly's dreams? Or will Todd manage to move new mum Holly further into the suburbs by showing her a modern, new home that meets their very limited budget?
