Neena & Jag

When Neena and Jag bought their suburban home in the 1990s, it seemed like the perfect place to raise a young family. But now that they host regular dinners for dozens of nearby relatives, Neena is having second thoughts. Will Jillian convince Neena to love her house again with a major renovation that provides all the entertaining space they need? Or will Todd convince Jag there are happier times ahead in a more spacious family home where they can host their loved ones in style?
