LOVE IT «OR» LIST IT VANCOUVER

Barb & Ted

After 22 years, Ted can't imagine moving from his old family home in the mountains. But wife Barb thinks it's time for a change now that both their grown daughters plan to live at home while attending university. Can Todd convince Ted that moving to a bigger, better house is in his family's best interest? Or will Jillian persuade Barb to stay with a renovation that gives everyone their own space?
