Penny & Chuck

Penny moved into Chuck's childhood home over 20 years ago, but has never quite felt settled. A dysfunctional layout without a place for her snoring husband to sleep has Penny desperate, and she hopes Todd can find them the perfect fresh start. Chuck's roots run so deep that he can't imagine a life beyond his four walls. He needs Jillian to transform his long-time residence into a space where Penny and their two young girls can finally feel at home.
