CHRISTINE & CHRIS

When Christine and Chris moved to the West Coast they found the heritage home of their dreams. It's a beautiful house in one of the country's priciest neighbourhoods, but looks can be deceiving. For starters, their kitchen is ridiculously small given the size of the home and the size of their family. The laundry room is in a terrible location, the kids' bathroom is awkwardly designed and the house is old! Christine pines for something new and low maintenance, while Chris is convinced they'll never find better, especially not in their neighbourhood. Can Jillian work her magic to win Christine over? Or will Todd convince Chris with an ultra-modern alternative?
